EVIDENCE

PROBLEM: Nothing Makes Pinterest Different

EVIDENCE

IS IT RELEVANT ANYMORE?

PINBITES

WHAT IS IT	Pinterest add-on feature
HOW IT WORKS	Scan the barcode of your grocery store items and enter in produce info The app send alerts as foods approach expiration with recipes attached
WHAT IT DOES	Prevents food waste

LESS FOOD WASTED, MORE MONEY SAVED

Millennials live…

People in the 18 to 34 age group typically buy ingredients only to toss the perishables out soon after. [3]

We can change this problem…
